

5W 6000K/3000K LED BULB LAMP

Ordering Information

Product number	S895-B20009-350
Product Name	5W 6000K/3000K LED BULB LAMP
Pieces per pack	1
Pack type	Folded Carton

General Characteristics

Cap-base	E27
Operating temperature	-20°C~40°C
Intensity degradation 90% @ 25 °C	7,000 hours
Intensity degradation 70% @ 25 °C	15,000 hours

Electronics Characteristics

Wattage	5±10% W
Voltage	85-265V
Line frequency	50 / 60Hz
Power factor	>0.50
Dimmable	No

Light Characteristics

Beam angle	270° FWHW
Correlated color temperature	6000±350 K3000±350K
Color rendering index	70±5 Ra
Initial luminous flux	352±5%lm
Initial efficacy	75±5% lm/W

Mechanics Characteristics

Dimension	Ø59.5mm*106.5mm
-----------	-----------------

Remark

- All electronics and light characteristics are tested on 220V/50Hz.
- Illuminance value is for reference only.
- Power factor Measurement Accuracy is ± 0.05.
